understanding  
enclosures & screens

# understanding enclosures & screens

Zones Enclosures and Screens consist of screen segments and trims that Flat Fabric Buffers, Quilted Fabric Buffers, Worksurfaces, Seating, Lighting and Accessories attach to. The Enclosure or Screen is specified as one complete unit. Buffers, Worksurfaces, Supports, Seating and Accessories are specified separately.

Enclosure

## 1 Screen segment:

- Constructed of laminated plywood, 1/4" thick
- Secured to the vertical metal trim and wood enclosure and screen segment trims
- All screen segments are included, the Enclosure or Screen type will determine the size and number required

## 2 Vertical metal trim:

- Painted aluminum extrusions that are bonded to the screen segment

## 3 Enclosure and Screen trim:

- Constructed of solid beech, 20mm thick
- Wraps around the top, bottom and ends of an Enclosure or Screen
- All segments of trim are included, the Enclosure or Screen type will determine the location and number required

## 4 Wing segment:

- Provides various levels of privacy
- Available with or without partial heights slots

## 5 Feet:

- Elevate the Enclosure or Screen 2 1/2" for a visual lightness
- Provide 1 1/2" of leveling
- Enable casual power routing under an Enclosure or Screen

Screen

## understanding enclosures & screens (continued)

Enclosure

### 6 Flat and Quilted Fabric Buffers

- Provide a textured visual softness and an implied acoustic feel
- Available partial or full height for Flat Fabric Buffers
- Available partial height for Quilted Buffers
- Available for interior and exterior applications

### 7 Worksurfaces:

- Size and shape are specific to each Enclosure
- Attach directly to the screen segment with brackets or are mounted to a support kit in freestanding applications

### 8 Support kits:

- Clamp onto the vertical metal trim to provide semi-suspended support to worksurfaces
- Include a power cable manager
- Ordered as kits, the Enclosure type will determine the number and type required

### 9 Soft Seating:

- Provides a freestanding sofa within an Enclosure or Screen
- Does not offer structural support to the Enclosure or Screen

### 10 Sofa tablets:

- Constructed of birch plywood finished with Zones laminates or veneers
- Attach to sofas and provide a secondary surface for coffee and notebooks
- Do not attach to the Enclosure or Screen

### 11 Lighting

- Table Lamps can be freestanding or can be mounted through the worksurface
